Dated 22.7.2005

P C:

. Heard the learned counsel appearing for the parties. Perused affidavit filed on behalf of the respondents. As as far as current Academic Year is concerned rules were published and brochure containing the rules has been issued as far back as on 21.3.2005. The brochure contains the procedure for conducting admission to Engineering Courses. The present petition which is filed challenging the procedure of admission in July 2005, i.e. almost after 4 months suffers from delay and laches. The respondents have already invited option forms from all students throughout the State and students have submitted their forms, which have been processed

and entire allotment is fully ready. Any interference at this stage would put the entire process of admission in jeopardy. Therefore no interference is warranted under Article 226 .
Petition is dismissed.
